

St Denys' Craft Group

Craft Group News!

I realise that it is a little while now since we last reported to the village what we have been up to! The Craft Group continues to thrive, with regular attendance by an enthusiastic core of crafters, often swelled by a number of others who join us with a particular craft interest.

Since Christmas, we have been busy upcycling glass jars and bottles. Firstly, we created a clear, coloured glaze on the inside of the jar, using food colouring. This proved very effective, and the jars and pots looked beautiful, especially when lit from within with a tea-light candle.

We then spent time decorating our jars and bottles, using firstly acrylic paints and then with proper glass paints. There were some lovely designs, and a number of the pieces are already in use at home.

Future Crafting

Our new Spring Programme has just been published – we have a number of new crafts being tried, including making felt bookmarks, Yorkshire buttons (after our success with Dorset buttons last year) teacup pin cushions, flower arranging and a textured art project. We will also be making further use of our Sizzix die-cutting machine, to produce shaped and embossed greetings cards.

Do you enjoy crafting? If so, why not consider joining us? – we meet on alternate Thursday afternoons from 14:30 -17:00 in the refreshment area in church. If you would like to find out more, why not come along, or contact us for information:

St Denys' Craft Group Secretary

St Denys' Craft Group

Spring Programme

March - May 2025

The Craft Group meets on alternate Thursdays of each month, when different skills or techniques are introduced. On the intervening Thursdays, materials and equipment may be available for anyone wishing to continue with projects at home.

All sessions take place in St Denys' Church from 14:30 to 17:00, unless otherwise stated.

No previous crafting experience required – the Craft Group is open to all. Complete beginners and seasoned crafters are equally welcome!

Please come along to any of these sessions
